Dear friends,

We cordially invite you to attend a homeland security conference focusing on **FUTURE SECURITY – Israel's AI & Big Data HLS Solutions**!

Artificial Intelligence (AI) techniques and information analysis improves overall security performance where conventional security systems can be slow and unsatisfactory, providing better protection from threats, crime and accidents.

We are delighted to invite you to participate in the 3-days Future Security event in Tel Aviv, September 9-11, 2019 to witness live demonstration of a variety of innovative, leading Israeli technologies and solutions in the field of security.

See full Agenda here >
See featured companies in attached document

Will you or others from your organization be interested and available to join us? We are looking forward to hearing back from you.
